

PE250x400 400x60 Stone Crusher Jaw Plate High Manganese Mn13Cr2

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Ascend
- Certification: CE/ISSO9001
- Model Number: PE250x400 400x600 500x750
- Minimum Order Quantity: 1 set
- Price: 1.5 to 2.2 USD per kg
- Packaging Details: Water and rust proof in wooden box or cotainer
- Delivery Time: 7-10 working days
- Payment Terms: T/T, Western Union
- Supply Ability: 100 set per month

Product Specification

- Name: Stone Crusher Jaw Plate
- After-sales Service Provided: Engineers Available To Service Machinery Overseas
- Spare Parts Supply: Anytime
- Keyword: Fine Stone Jaw Crusher,Crusher
- Price: Negotiable
- Product Name: Stone Jaw Plate
- Material: High Manganese Mn13Cr2
- Highlight: **400x60 Stone Crusher Jaw Plate,
PE250x400 Stone Crusher Jaw Plate,
Mn13Cr2 Stone Crusher Jaw Plate**

Product Description

PE250x400 400x60 Stone Crusher Jaw Plate High Manganese Mn13Cr2

Jaw Crusher Wear Parts widely used in mining industry, metallurgical industry, construction industry, chemical industry and silicate industry for crushing hard and medium hard ore and rock, such as river pebble, granite, basalt, iron ore, limestone, quartzite, diabase, iron ore, gold ore, copper ore, etc.

Through special heat-treatment process and With special chemical composition, our jaw plate has a service life 30% longer than those of traditional high manganese steel!

Our manganese jaw crusher wears are easy and economical to install and are available in one piece or two-piece designs.

The solution is available for the most demanding crushing and recycling applications, stationary as well as mobile. Our jaw crusher manganese wear parts are designed for hardest rock in surface and underground operations.

What's more, we manufacture our jaws to your specifications within 15 days of receipt of an order. For one container order, we can finish within 20 or no more than 30 days. So you'll get what you need fast with minimal downtime. Not to mention, we stock a large number of replacement jaw castings for most crushing equipment – which means we'll likely be able to get your order to you – fast.

With manganese wear surfaces, our jaws are heavy-duty built for high productivity, easy adjustment and lower operational costs.

As per the customers feedback from all over the world, the good performance of our jaw plates in different working condition greatly decreased the time of examination & repair and use-cost.
