

Wet Pan Mill For Gold Small Scale Rock Grinding Milling Mining Machine

Basic Information

- Place of Origin: China
- Brand Name: ASCEND
- Certification: CE
- Model Number: 1 Set
- Minimum Order Quantity: 1 SET
- Price: 4000-5000 USD Per Set
- Packaging Details: wooden box in container
- Delivery Time: 10 Days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 100 set per month

Product Specification

- Product Name: Wet Pan Mill
- Feeding Size: Different Models
- Advantages: High Productivity
- Application: Metal Materials
- Grinding Material: Gold Ore
- Keywords: Wet Pan Grinding Mill
- Motor Type: AC Motor
- Warranty: 12 Months
- Highlight: **Mining Machine Wet Pan Mill, Rock Grinding Wet Pan Mill, Small Scale Wet Pan Mill**

Product Description

Wet Pan Mill is used for grinding gold ore, especially small rock stone with gold, which can grind into 100-150 mesh. Many customers from Africa would like to import wet pan mill because of low cost and high productivity. The most common way is to put mercury in the wet pan mill, and mix the gold particle with the mercury, which is called Amalgamation. Then the mixture of gold and mercury can be put into crucible for high temperature heating. During this process, the mercury is evaporated and pure gold is left in the crucible. The most important thing is that our customers can get pure gold directly after wet pan mill, which is suitable for people who want to begin small business.

Working Principle

The motor drives the (speed)reducer, the speed reducer drives the roller on the main shaft to operate, we add materials and liquids in a certain proportion for grinding, and then filters out the fixed materials with the required particle size. Wet pan mill is widely used for grinding, sorting and processing of various metal minerals, non-metallic minerals, rare and precious metal gold and silver.

Main Features of Wet Pan Mill

1. Less investment.
2. Easy to operation and maintenance.
3. High efficiency and saving power.
4. It can take the place of ball mill because all the materials that ball mill can handle, the wet mill machine can handle as well.
5. The Best price river gold widely used Sudan China wet pan mill for gold is the ideal equipment for small and medium enterprises that are in the field of ore dressing.
6. The wet mill machine made by ASCEND, can offer the seal cover to reduce the air pollution.

Company information

Ascendmachinery expands its business in more than 160 countries and regions. Henan Ascend Machinery & Equipment Co., Ltd. was established in 2005 and it is located in the high-tech zone of Zhengzhou City, Henan Province. As a technology driven mining equipment company, it is committed to the R&D, production, sales and after-sales service of mining machinery and equipment. The company's main products are crushers, grinding mill equipment, mineral beneficiation equipment, rotary dryer and crusher & grinding mill spare parts. In addition to the Chinese domestic market.

FAQ

Q1: Are you trading company or manufacturer?

A: We are factory.

Q2: How long is your delivery time?

A: Generally it is 7-10 days if the goods are in stock. or it is 15-30 days if the goods are not in stock, it is according to quantity.

Q3: What is your payment method?

A: 30% of total price should be paid by T/T as down payment; 70% balance payment should be paid by T/T before delivery.

Q4: What Information should customers give us, So that we can be able to provide you suitable quotation and service.

What minerals are you separating?

What's the maximum size of your raw minerals?

How much capacity do you need per hour for your project?

Q5: How long is the warranty of your equipments? Does your company supply the spare parts?

A: The warranty period of crusher equipments is one year. and we will supply the spare parts for you at lowest cost.

Q6: If I need the complete crushing plant can you help us to build it?

A: Yes, we can help you combine a complete crushing line and give you related professional advices as long as you need. We had already build many mining projects in China & Overseas.

Q7: what's your motor brand? what bearing do you use?

For Motor-China top brand, also can use Siemens as per request .

For Bearing China top brand ZWZ, also can use SKF/NSK etc as per request
