

2t / h Gold Washing Process Plant Sudan Grinder AC Motor Wet Round Mill Machine

Our Product Introduction

for more products please visit us on mining-crushermachine.com

Basic Information

- Place of Origin: China
- Brand Name: ASCEND
- Certification: CE
- Model Number: 1 Set
- Minimum Order Quantity: 1 SET
- Price: 4000-5000 USD Per Set
- Packaging Details: wooden box in container
- Delivery Time: 10 Days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 100 set per month

Product Specification

- Product Name: Wet Pan Mill
- Feeding Size: 80-150 Mesh
- Advantages: High Efficiency
- Application: Minerals Materials
- Grinding Material: 200+ Materials
- Motor Type: AC Motor
- Warranty: 12 Months
- Highlight: **AC Motor Sudan Grinder Machine, Wet Round Mill Grinder, CE Gold Wet Pan Mill Machine**

Product Description

It is used for grinding operations of various ferrous metals, non-ferrous metals, non-metallic minerals, as well as grinding, selecting and processing operations of rare precious metals gold and silver, and is the grinding equipment of the majority of small and medium-sized mineral processing plants and powder making plants.

111.jpg

Working Principle

The Wet pan mill repeatedly squeezes and mills gold ore through the weight of the wheels until the gold ore has been crushed completely. And then add 1 kg mercury into the water. Meantime, every 5-10 minutes, add gold ore to

the machine. After 24 hours, recycle mercury. Then pack mercury with a big density of cloth. Twist the cloth and let the mercury come out. The gold will be left in the cloth.

Main Features of Wet Pan Mill

1. Professional design, so its technical data is reasonable.
2. Short grinding and mixing cycle, high efficiency.
3. Low noise and low consumption. Materials can be ground and mixed evenly.

4. Compact structure, easy to operate and maintain.

Company information

Ascendmachinery expands its business in more than 160 countries and regions
Henan Ascend Machinery & Equipment Co., Ltd. was established in 2005 and it is located in the high-tech zone of Zhengzhou City, Henan Province. As a technology driven mining equipment company, it is committed to the R&D, production, sales and after-sales service of mining machinery and equipment.
The company's main products are crushers, grinding mill equipment, mineral beneficiation equipment, rotary dryer and crusher & grinding mill spare parts. In addition to the Chinese domestic market.

FAQ

Q1: Are you trading company or manufacturer?

A: We are factory.

Q2: How long is your delivery time?

A: Generally it is 7-10 days if the goods are in stock. or it is 15-30 days if the goods are not in stock, it is according to quantity.

Q3: What is your payment method?

A: 30% of total price should be paid by T/T as down payment; 70% balance payment should be paid by T/T before delivery.

Q4: What Information should customers give us, So that we can be able to provide you suitable quotation and service.

What minerals are you separating?

What's the maximum size of your raw minerals?

How much capacity do you need per hour for your project?

Q5: How long is the warrenty of your equipments? Does your company supply the spare parts?

A: The warranty period of crusher equipments is one year. and we will supply the spare parts for you at lowest cost.

Q6: If I need the complete crushing plant can you help us to build it?

A: Yes, we can help you combine a complete crushing line and give you related professional advices as long as you need. We had already build many mining projects in China & Overseas.

Q7:what's your motor brand?what bearing do you use?

For Motor-China top brand, also can use Siemens as per request .

For Bearing China top brand ZWZ, also can use SKF/NSK etc as per request
