

Gold Ore Wet Pan Mill For Gold Rock Mining Grinding Equipment Africa

Our Product Introduction

for more products please visit us on mining-crushermachine.com

Basic Information

- Place of Origin: China
- Brand Name: ASCEND
- Certification: CE
- Model Number: 1 Set
- Minimum Order Quantity: 1 SET
- Price: 4000-5000 USD Per Set
- Packaging Details: wooden box in container
- Delivery Time: 10 Days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 100 set per month

Product Specification

- Product Name: Wet Pan Mill
- Feeding Size: Different Models
- Advantages: High Productivity
- Application: Metal Materials, gold Ore
- Grinding Material: Metal Materials
- Keywords: Wet Pan Grinding Mill
- Motor Type: AC Motor
- Warranty: 1 Year

Product Description

Gold Mills - Wet Disc Mills are used to grind gold ore, especially small gold stones, to 100-150 mesh. Many customers from Africa want to import gold grinding mills. This is because of the low cost and high productivity. Most importantly, with mercury, our customers can get pure gold directly after the gold mill, which is suitable for people who want to start a small gold business.

Working Principle

The main components of the gold mill are organic frame, grinding disc, grinding roller, grinding seat, reducer, motor and so on. Firstly, the motor transmits the power to the reducer, then the central drive shaft transmits to the horizontal shaft, and finally the grinding rollers move counter-clockwise and the material is ground into fine particles in the gold mill.

Company information

Ascendmachinery expands its business in more than 160 countries and regions
Henan Ascend Machinery & Equipment Co., Ltd. was established in 2005 and it is located in the high-tech zone of Zhengzhou City, Henan Province. As a technology driven mining equipment company, it is committed to the R&D, production, sales and after-sales service of mining machinery and equipment.
The company's main products are crushers, grinding mill equipment, mineral beneficiation equipment, rotary dryer and crusher & grinding mill spare parts. In addition to the Chinese domestic market.

FAQ

Q1: Are you trading company or manufacturer?

A: We are factory.

Q2: How long is your delivery time?

A: Generally it is 7-10 days if the goods are in stock. or it is 15-30 days if the goods are not in stock, it is according to quantity.

Q3: What is your payment method?

A: 30% of total price should be paid by T/T as down payment; 70% balance payment should be paid by T/T before delivery.

Q4: What Information should customers give us, So that we can be able to provide you suitable quotation and service.

What minerals are you separating?

What's the maximum size of your raw minerals?

How much capacity do you need per hour for your project?

Q5: How long is the warrenty of your equipments? Does your company supply the spare parts?

A: The warranty period of crusher equipments is one year. and we will supply the spare parts for you at lowest cost.

Q6: If I need the complete crushing plant can you help us to build it?

A: Yes, we can help you combine a complete crushing line and give you related professional advices as long as you need. We had already build many mining projects in China & Overseas.

Q7:what's your motor brand?what bearing do you use?

For Motor-China top brand, also can use Siemens as per request .

For Bearing China top brand ZWZ, also can use SKF/NSK etc as per request
