

## 11200 Small Scale Rock Gold Grinding Milling Machine Wet Pan Mill In Gold Processing Line

Our Product Introduction

for more products please visit us on [mining-crushermachine.com](http://mining-crushermachine.com)

### Basic Information

- Place of Origin: China
- Brand Name: ASCEND
- Certification: CE
- Model Number: 1 Set
- Minimum Order Quantity: 1 SET
- Price: 4000-5000 USD Per Set
- Packaging Details: wooden box in container
- Delivery Time: 10 Days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 100 set per month

### Product Specification

- Product Name: Wet Pan Mill
- Feeding Size: Different Models
- Advantages: High Productivity
- Application: Metal Materials, gold Ore
- Grinding Material: Metal Materials
- Keywords: Wet Pan Grinding Mill
- Motor Type: AC Motor
- Warranty: 1 Year
- Highlight: 11200 Gold Wet Pan Mill

## Product Description

Wet pan mill is also called wet grinding machine and gold grinding mill, it is a modernized grinding machine, commonly used in the small and medium size concentrate factory. It is widely applied to the grinding and beneficiation of all kinds of metal minerals, non-metal minerals, rare metal and other materials. Such as gold, silver, lead, zinc, molybdenum, iron, copper, antimony, tungsten, tin and so on.

Wet pan mill is the best equipment to replace ball mill. because it have small investment,high output, low production cost, good efficiency and easy installation.

## Working Principle

The wet pan mill for gold grinding repeatedly squeeze and mill gold ore through the weight of the wheels until the gold ore has been crushed completely. And then add 1 kg mercury into the water . Meantime, every 5-10 minutes, add gold ore to the machine. After 24 hours, recycle mercury. Then pack mercury with big density of cloth. Twist the cloth and let the mercury come out. The gold will be left in the cloth.

## Main Features of Wet Pan Mill

- \* Less investment.
- \* Easy to operation and maintenance.
- \* High efficiency and saving energy.
- \* It can take the place of ball mill because all the materials that ball mill can handle, the wet mill machine can handle as well.
- \* Wet pan mill is the ideal equipment for small and medium enterprises that are in the field of ore dressing

## Company information

Ascendmachinery expands its business in more than 160 countries and regions. Henan Ascend Machinery & Equipment Co., Ltd. was established in 2005 and it is located in the high-tech zone of Zhengzhou City, Henan Province. As a technology driven mining equipment company, it is committed to the R&D, production, sales and after-sales service of mining machinery and equipment. The company's main products are crushers, grinding mill equipment, mineral beneficiation equipment, rotary dryer and crusher & grinding mill spare parts. In addition to the Chinese domestic market.

## FAQ

### Q1: Are you trading company or manufacturer?

A: We are factory.

### Q2: How long is your delivery time?

A: Generally it is 7-10 days if the goods are in stock. or it is 15-30 days if the goods are not in stock, it is according to quantity.

### Q3: What is your payment method?

A: 30% of total price should be paid by T/T as down payment; 70% balance payment should be paid by T/T before delivery.

### Q4: What Information should customers give us, So that we can be able to provide you suitable quotation and service.

What minerals are you separating?

What's the maximum size of your raw minerals?

How much capacity do you need per hour for your project?

### Q5: How long is the warranty of your equipments? Does your company supply the spare parts?

A: The warranty period of crusher equipments is one year. and we will supply the spare parts for you at lowest cost.

### Q6: If I need the complete crushing plant can you help us to build it?

A: Yes, we can help you combine a complete crushing line and give you related professional advices as long as you need. We had already build many mining projects in China & Overseas.

### Q7: what's your motor brand? what bearing do you use?

For Motor-China top brand, also can use Siemens as per request .

For Bearing China top brand ZWZ, also can use SKF/NSK etc as per request
