

Diesel PE 250*400 Basalt Granite Jaw Crusher For Golding Mining

Our Product Introduction

for more products please visit us on mining-crushermachine.com

Basic Information

- Place of Origin: China
- Brand Name: ASCEND
- Certification: CE
- Model Number: PE200x300 PE220x350 PE250x400 PE400x600
- Minimum Order Quantity: 1 set
- Price: USD 1800-4800
- Packaging Details: Wooden box or put in container
- Delivery Time: 7-10 working days
- Payment Terms: T/T, Western Union, MoneyGram, L/C
- Supply Ability: 50 Sets per month

Product Specification

- Type: Jaw Crusher
- Condition: New
- Color: Customized
- Function: Stone Crushing
- Warranty: One Year
- After-sales Service Provided: Field Installation
- Capacity(t/h): 70-130
- Spare Parts Supply: Anytime
- Highlight: Diesel PE Jaw Crusher, Basalt Granite Jaw Crusher, Golding Mining Jaw Crusher

Product Description

Diesel PE 250*400 Basalt Granite Jaw Crusher For Golding Mining

Product Description

Jaw Crusher is widely used in mining stone crushing, building aggregate production, residual construction material processing, water conservancy&hydro power, highway, railway, bridge and other industries. Jaw crusher is one of the mainstream crushing equipment with large sales and high production efficiency in the mining equipment industry jaw crusher is used in the first process of ore and rock crushing. It can process the ore with compressive strength not higher than 320MPa to medium particle size. It often forms a compachine, etc.

Jaw Crusher Advantages

- 1.Simple structure ensures the crushing machine is not easy to break down.
- 2.Easy operation, which makes the crusher can be operated by common people.
- 3.High crushing ratio. Large stone lump can be quickly crushed into small particles.
- 4.Energy saving. The jaw crusher power amount is consumed less than other type of crushers.
- 5.Low cost, economically affordable.

Applicable Materials

Gold, Granite, Iron ore, Marble, Pebble, Gold ore, Basalt, Quartz, Limestone, Copper ore, etc.

How to Work

A Jaw Crusher uses compressive force to break hard stone material. There two vertical manganese jaw plates create a V-shaped cavity called crushing chamber, where the top of the crushing chamber is larger than the bottom. The moving jaw moves back and forward against the fixed jaw, and material fed from the top chamber is compressed between the two jaws, breaking it into smaller pieces. As the moving jaw moves away from the fixed jaw, the crushed material is discharged from discharge opening at the bottom. The required size is determined by the gap between the jaws.

Company Profile

Henan Ascend Machinery & Equipment Co., Ltd. was established in 2005 and it is located in the high-tech zone of Zhengzhou City, Henan Province. As a technology driven mining equipment company, it is committed to the R&D, production, sales and after-sales service of mining machinery and equipment.

The company's main products are crushers, grinding mill equipment, mineral beneficiation equipment, rotary dryer and crusher & grinding mill spare parts. In addition to the Chinese domestic market, Ascend machinery expands its business in more than 160 countries and regions.

Our Workshop

FAQ

Q1. Are you factory or trading company?

We are factory specialized in manufacturing stone crushers, grinding mills, beneficiation equipments and other mining equipments. Our office and factories are based in Zhengzhou, China. Because we are factory, so we can guarantee the machine quality and we can give you very competitive factory price without extra agent cost.

Q2. To which country your products have been exported before?

In Africa, We have exported to Sudan, Kenya, Zambia, Ethiopia, Zimbabwe, Guinea, Nigeria and so on. We also exported South Africa, Chile, Peru, Ecuador, New Zealand, America, Austrilia more than 160 countries. Our equipment and service have won very high reputation in these countries.

Q3. How will you help the customer install the equipment?

We will send our senior engineer to your place to guide the installation and commissioning.

Q4. How about the wear parts supply?

We offer wear parts to our customer with our most favorable price. If there are problems you could not handle, we will send our technicians to your place.

Q5.What about the payment method?

T/T, Paypal, Western Union, L/C is available.

Q6.What about after-sale service?

12 months warranty for all kinds of products; and you will get our 7*24h online service.
