

Small And Medium Capacity Stone Breaker Machine PE 200*300 And Different Types Jaw Crusher For Sale

Our Product Introduction

for more products please visit us on mining-crushermachine.com

Basic Information

- Place of Origin: China
- Brand Name: ASCEND
- Certification: CE
- Model Number: PE200x300 PE220x350 PE250x400 PE400x600
- Minimum Order Quantity: 1 set
- Price: USD 1800-4800
- Packaging Details: Wooden box or put in container
- Delivery Time: 7-10 working days
- Payment Terms: T/T, Western Union, MoneyGram, L/C
- Supply Ability: 50 Sets per month

Product Specification

- Type: Jaw Crusher
- Condition: New
- Color: Customizable
- Function: Stone Breaking
- Warranty: 1 Year
- After-sales Service Provided: Field Installation
- Capacity(t/h): 70-120
- Spare Parts Supply: Always Available
- Highlight: Medium Stone Breaker Machine, Small Stone Breaker Machine, PE 200*300 Stone Breaker Machine

Product Description

Small And Medium Capacity Stone Breaker Machine PE 200*300 And Different Types Jaw Crusher For Sale

Product Description

The capacity mainly vary between 50-500thp. And in order to meet the different demands of customers, the production line can equip with cone crusher, dust removal equipment and other equipment. It is suitable for the materials like hard limestone, granite, basalt, pebble, metallurgy slag and artificial sand making work. It is widely used in the industries of hydroelectric, building materials, highway, and urban construction. And according to different technological requirement, various types of equipment can be combined to meet the demands of different customers.

Features

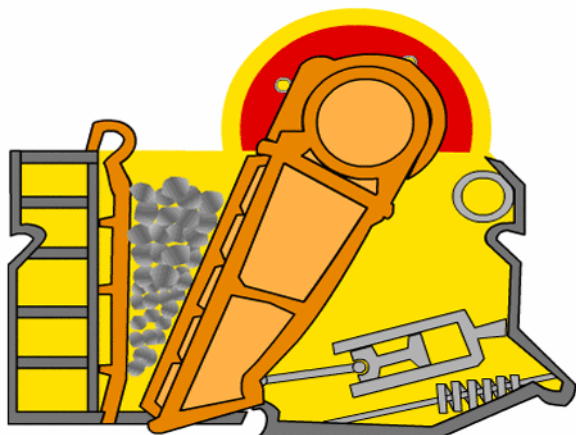

1. Be and drive by diesel engine if the working site is limited
2. Deep crushing cavity, no dead zone, increasing capacity and output of the feeding
3. Large crushing ratio, uniform products particle size
4. Pad-style nesting population adjustment devices, and ease of adjustment range
5. Simple and reliable structure, low operation costs
6. The discharging size of jaw crusher can be adjusted to meet the requirements of different users
7. Low noise and less dust

Applicable Materials

Gold, Granite, Iron ore, Marble, Pebble, Gold ore, Basalt, Quartz, Limestone, Copper ore, etc.

How to Work

The working principle of jaw crusher is very simple. The whole crushing process rely on the relative motion of the two jaw plates. One of the jaw plates stay still while the other move against it. And with the movement, the materials between the two plates would be crushed into small elements. While the plates move against each other, the materials would be crushed and while plates move away from each other, the broken materials which are smaller enough would drop through the discharging opening. And due to the simple structure, gold mine jaw crusher is easy to maintain and repair. These features promote its popularity to a great extant.

Company Profile

Henan Ascend Machinery & Equipment Co., Ltd. was established in 2005 and it is located in the high-tech zone of Zhengzhou City, Henan Province. As a technology driven mining equipment company, it is committed to the R&D, production, sales and after-sales service of mining machinery and equipment.

The company's main products are crushers, grinding mill equipment, mineral beneficiation equipment, rotary dryer and crusher & grinding mill spare parts. In addition to the Chinese domestic market, Ascend machinery expands its business in more than 160 countries and regions.

Our Workshop

FAQ

Q1. Are you factory or trading company?

We are factory specialized in manufacturing stone crushers, grinding mills, beneficiation equipments and other mining equipments. Our office and factories are based in Zhengzhou, China. Because we are factory, so we can guarantee the machine quality and we can give you very competitive factory price without extra agent cost.

Q2. To which country your products have been exported before?

In Africa, We have exported to Sudan, Kenya, Zambia, Ethiopia, Zimbabwe, Guinea, Nigeria and so on. We also exported South Africa, Chile, Peru, Ecuador, New Zealand, America, Austrilia more than 160 countries. Our equipment and service have won very high reputation in these countries.

Q3. How will you help the customer install the equipment?

We will send our senior engineer to your place to guide the installation and commissioning.

Q4. How about the wear parts supply?

We offer wear parts to our customer with our most favorable price. If there are problems you could not handle, we will send our technicians to your place.

Q5.What about the payment method?

T/T, Paypal, Western Union, L/C is available.

Q6.What about after-sale service?

12 months warranty for all kinds of products; and you will get our 7*24h online service.
