

## Impact Crusher Blow Bars Granite Hard Rock PF0807 Industrial Mining Machinery

### Basic Information

- Place of Origin: Zhengzhou, China
- Brand Name: ASCEND
- Certification: ISO9001, CE
- Model Number: PF-0807
- Minimum Order Quantity: 1 set
- Price: negotiable
- Packaging Details: Large part is non-packed but rustproof and moisture proof then wrapped by plastic sheeting before delivery. The small parts are packed into wooden box.
- Delivery Time: 10-20 working days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 20-50 sets per month

### Product Specification

- Condition: New
- Weight: Based On The Model
- Warranty: One Year
- Type: Impact Crusher
- Capacity(t/h): Various
- Motor Type: AC Motor

## Product Description

Impact Mill Rock Crushing Used Impact Crusher Second Equipment 50-120 Ton Per Hour Capacity

### Product Description

Crusher is crushing machinery in more than 50% of the content of the total high capacity and larger than three millimeters of particles. The crusher is widely used in many sectors of mining, smelting, building material, highway, railway, water conservancy and chemical industry.

### Advantages of Impact Crusher

- Even crushing function of multi-cavities which is suitable to crush hard material.
- Reasonable design of leveling plate making the finished material finer and cubic-shaped without internal cracks
- Low and big feed opening make the production line easy to arrange and increase the size of feeding material.
- Hydraulic start-up which is convenient for maintenance and replacement of wear-parts.
- New anti-abrasive material which prolong service life of impact hammer, impact plate and liner.

### Working Principle

A crushing machine that uses impact energy to crush materials. When working, the motor drives the rotor to rotate at high speed. When the material enters the plate hammer, it is crushed by the high speed impact of the plate hammer, and the crushed material is thrown to the counter plate installed above the rotor along the tangential direction and crushed again, and then bounced back from the impact plate to the plate hammer action area and crushed again. This process is repeated until the material is crushed to the desired particle size and

discharged through the discharge port. Adjusting the gap between the counter frame and the rotor can achieve the purpose of changing the particle size and shape of the material.

## Main Technical Parameters

Model	Specifications (mm)	Feed opening (mm)	Max feeding side length (mm)	Capacity (t/h)	Power (kw)	Total weight (t)	Dimensions (LxWxH) (mm)
PF-0607	Φ644×740	320×770	100	10-20	30	4	1500x1450x1500
PF-0807	Φ850×700	400×730	300	15-30	30-45	8.13	1900x1850x1500
PF-1007	Φ1000×700	400×730	300	30-70	45	12	2330x1660x2300
PF-1010	Φ1000×1050	400×1080	350	50-90	55	15	2370x1700x2390
PF-1210	Φ1250×1050	400×1080	350	70-130	110	17.7	2680x2160x2800
PF-1214	Φ1250×1400	400×1430	350	100-180	132	22.4	2650x2460x2800

## Company Profile

Henan Ascend Machinery & Equipment Co., Ltd. was established in 2005 and it is located in the high-tech zone of Zhengzhou City, Henan Province. As a technology driven mining equipment company, it is committed to the R&D, production, sales and after-sales service of mining machinery and equipment.

The company's main products are crushers, grinding mill equipment, mineral beneficiation equipment, rotary dryer and crusher & grinding mill spare parts. In addition to the Chinese domestic market, Ascend machinery expands its business in more than 160 countries and regions.

## Our Workshop

## FAQ

### Q1. Are you factory or trading company?

We are factory specialized in manufacturing stone crushers, grinding mills, beneficiation equipments and other mining equipments. Our office and factories are based in Zhengzhou, China. Because we are factory, so we can guarantee the machine quality and we can give you very competitive factory price without extra agent cost.

### Q2. To which country your products have been exported before?

In Africa, We have exported to Sudan, Kenya, Zambia, Ethiopia, Zimbabwe, Guinea, Nigeria and so on. We also exported South Africa, Chile, Peru, Ecuador, New Zealand, America, Australia more than 160 countries. Our equipment and service have won very high reputation in these countries.

### Q3. How will you help the customer install the equipment?

We will send our senior engineer to your place to guide the installation and commissioning.

### Q4. How about the wear parts supply?

We offer wear parts to our customer with our most favorable price. If there are problems you could not handle, we will send our technicians to your place.

### Q5. What about the payment method?

T/T, Paypal, Western Union, L/C is available.

**Q6.What about after-sale service?**

12 months warranty for all kinds of products; and you will get our 7\*24h online service.
