

PF1212 Concrete Charcoal Secondary Impact Crusher Parts Fine Gravel Crushing Plant

Basic Information

- Place of Origin: Zhengzhou, China
- Brand Name: ASCEND
- Certification: ISO9001, CE
- Model Number: PF1212
- Minimum Order Quantity: 1 set
- Price: negotiable
- Packaging Details: Large part is non-packed but rustproof and moisture proof then wrapped by plastic sheeting before delivery. The small parts are packed into wooden box.
- Delivery Time: 10-20 working days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 20-50 sets per month

Product Specification

- Condition: New
- Weight: Based On The Model
- Warranty: 12 Months
- Type: Impact Crusher
- Capacity(t/h): 10-200t/h
- Motor Type: AC Motor
- Highlight: **Fine Gravel Crushing Plant, Secondary Impact Crusher Parts, PF1212 Secondary Impact Crusher Parts**

Product Description

Impact Mill Rock Crushing Used Impact Crusher Second Equipment 50-120 Ton Per Hour Capacity

Product Description

The impact crusher are ideal for secondary crushing. Impact Crusher is a new stone crusher machine that absorbs advanced technologies at home and abroad. Dealing with the material with the side length 500mm, not more than 350Mpa anti-pressure strength, Impact Crusher can be widely used in the first and secondary crushing process. The impact crusher designed by us is characterized by great reduction ratio, high reduction efficiency, convenient maintenance, etc, Impact crusher is widely used in crushing plant for highway construction, hydraulic engineering and architecture, mining industry etc for crushing quartz, basalt, shaly, kaolin, limestone, marble etc.

Features of Impact Crusher

- 1> High reduction ratio and crushing efficiency;
- 2> No-board connection; the blow bar with high chrome (high chromed blow bar).
- 3> Impact plate with a special shape.
- 4> Crushed product with cubical shape.
- 5> Easy maintenance and reliable operation

Working Principle

When impact crusher works, the motor drives the rotor rotate with high speed, on the rotor where installed the hammers with high-tech raw material. When the crushed materials get into the impact crusher inner space

where the hammers effect, under the impact function of the hammer at a high speed, the materials are thrown to the impact device above the rotor continuously. And then the materials are rebounded from the impact liner to the area where the hammers effects for being recrushed. The materials from large to small all to be crushed at the impact crusher chamber repeatedly. The process won't stop till the materials in the impact crusher are crushed to the required size and then discharged from outlet.

Main Technical Parameters

Model	Specifications (mm)	Feed opening (mm)	Max feeding side length (mm)	Capacity (t/h)	Power (kw)	Total weight (t)	Dimensions (LxWxH) (mm)
PF-0607	Φ644×740	320×770	100	10-20	30	4	1500×1450×1500
PF-0807	Φ850×700	400×730	300	15-30	30-45	8.13	1900×1850×1500

Company Profile

Henan Ascend Machinery & Equipment Co., Ltd. was established in 2005 and it is located in the high-tech zone of Zhengzhou City, Henan Province. As a technology driven mining equipment company, it is committed to the R&D, production, sales and after-sales service of mining machinery and equipment.

The company's main products are crushers, grinding mill equipment, mineral beneficiation equipment, rotary dryer and crusher & grinding mill spare parts. In addition to the Chinese domestic market, Ascend machinery expands its business in more than 160 countries and regions.

Our Workshop

FAQ

Q1. Are you factory or trading company?

We are factory specialized in manufacturing stone crushers, grinding mills, beneficiation equipments and other mining equipments. Our office and factories are based in Zhengzhou, China. Because we are factory, so we can guarantee the machine quality and we can give you very competitive factory price without extra agent cost.

Q2. To which country your products have been exported before?

In Africa, We have exported to Sudan, Kenya, Zambia, Ethiopia, Zimbabwe, Guinea, Nigeria and so on. We also exported South Africa, Chile, Peru, Ecuador, New Zealand, America, Austrilia more than 160 countries. Our equipment and service have won very high reputation in these countries.

Q3. How will you help the customer install the equipment?

We will send our senior engineer to your place to guide the installation and commissioning.

Q4. How about the wear parts supply?

We offer wear parts to our customer with our most favorable price. If there are problems you could not handle, we will send

our technicians to your place.

Q5.What about the payment method?

T/T, Paypal, Western Union, L/C is available.

Q6.What about after-sale service?

12 months warranty for all kinds of products; and you will get our 7*24h online service.
