

Double Roller Crusher Manufacturer High Pressure Hydraulic Smooth Crushing

Our Product Introduction

for more products please visit us on mining-crushermachine.com

Basic Information

- Place of Origin: China
- Brand Name: ASCEND
- Certification: CE
- Model Number: 2PG400x250 2PG610x400 2PG750x500
- Minimum Order Quantity: 1 set
- Price: USD 3000-15000 Per set
- Packaging Details: Wooden box or put in container
- Delivery Time: 10 working days
- Payment Terms: T/T, Western Union
- Supply Ability: 20 set per month

Product Specification

- Type: Double Roller Crusher
- Condition: New
- Color: Customizable
- Function: Stone Crushing
- Warranty: 1 Year
- After-sales Service Provided: Field Installation
- Spare Parts Supply: Anytime
- Key Words: Double Roll Crusher

Product Description

Double Roller Crusher Manufacturer High Pressure Hydraulic Smooth Crushing

Product Description

The product can be classified into double roller crusher and four roller crusher according to the roller quality. The products are widely used in coal metallurgy ,mining,chemicals,building materials and other industries is more applicable to large-scale coal mine or coal preparation plant (including waste)is broken. Double roller crusher with stable operation, easy maintenance, low cost, output size adjustable.

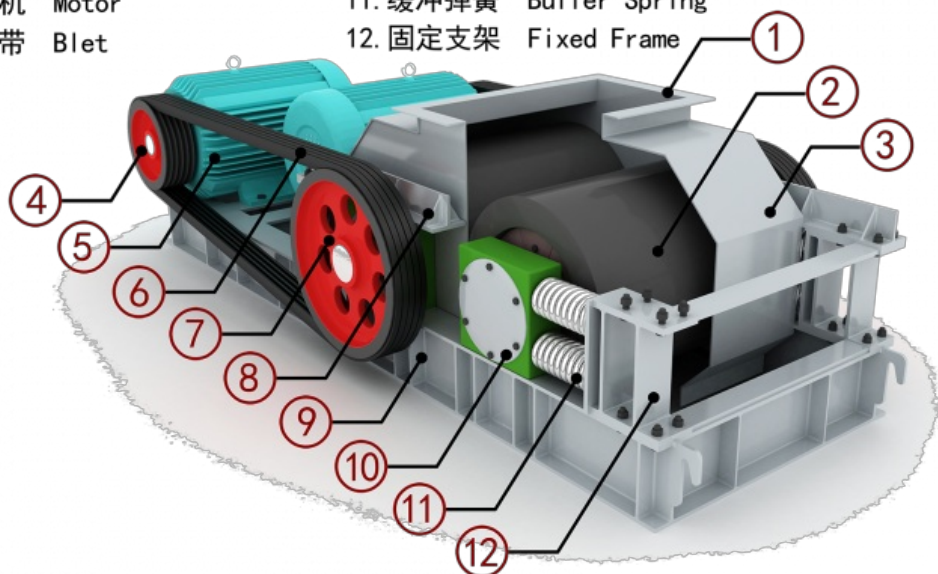

Advantages

- 1.The rollers is wear-resisting chromium molybdenum copper alloy with long service.
- 2.The gap between the rollers is adjustable, so that the output size and capacity will be changed accordingly.
- 3.This crusher is equipped with motorless scraper. When the raw material has high moisture content, it can avoid to affect the output size and avoid sticking the roller or blocking the machine.
- 4.According to requirement, it could be in flat roller or toothed roller.

Working Principle

Two motors drive two rollers to run at high speed, the material enters from the feeding mouth and collides with the two rollers. The two rollers move in opposite directions at the same time, so that the material is broken into the required discharging size.

Company Profile

Henan Ascend Machinery & Equipment Co., Ltd. was established in 2005 and it is located in the high-tech zone of Zhengzhou City, Henan Province. As a technology driven mining equipment company, it is committed to the R&D, production, sales and after-sales service of mining machinery and equipment.

The company's main products are crushers, grinding mill equipment, mineral beneficiation equipment, rotary dryer and crusher & grinding mill spare parts. In addition to the Chinese domestic market, Ascend machinery expands its business in more than 160 countries and regions.

Our Workshop

FAQ

Q1. Are you factory or trading company?

We are factory specialized in manufacturing stone crushers, grinding mills, beneficiation equipments and other mining equipments. Our office and factories are based in Zhengzhou, China. Because we are factory, so we can guarantee the machine quality and we can give you very competitive factory price without extra agent cost.

Q2. To which country your products have been exported before?

In Africa, We have exported to Sudan, Kenya, Zambia, Ethiopia, Zimbabwe, Guinea, Nigeria and so on. We also exported South Africa, Chile, Peru, Ecuador, New Zealand, America, Austrilia more than 160 countries. Our equipment and service have won very high reputation in these countries.

Q3. How will you help the customer install the equipment?

We will send our senior engineer to your place to guide the installation and commissioning.

Q4. How about the wear parts supply?

We offer wear parts to our customer with our most favorable price. If there are problems you could not handle, we will send our technicians to your place.

Q5.What about the payment method?

T/T, Paypal, Western Union, L/C is available.

Q6.What about after-sale service?

12 months warranty for all kinds of products; and you will get our 7*24h online service.
