

Hard Rock Basalt Stone PC 600x400 10-25tph Soil Crushing Hammer Crusher Plant

Our Product Introduction

Basic Information

- Place of Origin: Zhengzhou, China
- Brand Name: ASCEND
- Certification: ISO9001, CE
- Model Number: PC600x400 PC800x600 PC1000x800
- Minimum Order Quantity: 1 set
- Price: negotiable
- Packaging Details: 1. Standard parts packed in the wooden cases. 2. Big parts packed by plastic membrane. 3. The whole machine is loaded in the container.
- Delivery Time: 7-10 working days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 100 sets per month

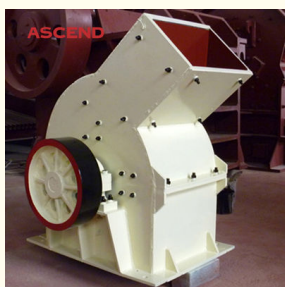

Product Specification

- Type: Hammer Crusher
- Application: Mining And Quarry
- Capacity(t/h): 5-200tph
- Motor Type: Electric Motor
- Output Size: <10mm
- Input Size: <100mm, <250mm
- Keyword: Hammer Grinding Mill
- Installation: Engineer Guide
- Spare Parts Supply: Lifelong Provide
- After-sales Service Provided: Field Maintenance And Repair Service

Product Description

Hard Rock Basalt Stone PC 600x400 10-25tph Soil Crushing Hammer Crusher Plant

Product Description

Hammer Crusher is widely used in the industries of mining, building materials, chemical industry, metallurgies and fodder. The Hammer Crusher, Hammer Mill For Sale is applicable for secondary and fine crushing of materials with middle or middle minus hardness such as barite, limestone, terrazzo, silicasandstone, coal, coke, gypsum, aluminum sulfate,slag, etc.

Mobile Hammer Crusher

Working Principle

Hammer crusher mainly relies on the impact energy to complete the crushing material operations. When hammer crusher is working, the motor drives the rotor high-speed rotation, the material evenly into the crusher cavity, high-speed rotary hammer impact, shear tearing material, to the material being broken, and at the same time, the material's own gravity makes material from the high-speed rotating hammer head to the body panel and sieve, sieve plate at the bottom of the rotor, crushing material is less than the screen hole size in graded through the sieve plate, resistance is greater than the screen hole size of materials on the sieve plate continues to hit by the hammer and the grinding, crushing to the discharging granularity until the final through the sieve plate outside.

Specifications

Model	Max. feeding size (mm)	Output size (mm)	Capacity (t/h)	Motor Power (kw)	Weight (kg)
PC300×200	≤100	≤10	2-5	5.5	600
PC400×300	≤100	≤10	5-10	11	800
PC600×400	≤120	≤15	10-25	18.5	1500
PC800×600	≤120	≤15	20-35	55	3100
PC1000×800	≤200	≤15	20-40	115	7900
PC1000×1000	≤200	≤15	30-80	132	8650
PC1300×1200	≤250	≤19	80-200	240	13600

Company Profile

Henan Ascend Machinery & Equipment Co., Ltd. was established in 2005 and it is located in the high-tech zone of Zhengzhou City, Henan Province. As a technology driven mining equipment company, it is committed to the R&D, production, sales and after-sales service of mining machinery and equipment.

The company's main products are crushers, grinding mill equipment, mineral beneficiation equipment, rotary dryer and crusher & grinding mill spare parts. In addition to the Chinese domestic market, Ascend machinery expands its business in

more than 160 countries and regions.

Our Workshop

FAQ

Q1. Are you factory or trading company?

We are factory specialized in manufacturing stone crushers, grinding mills, beneficiation equipments and other mining equipments. Our office and factories are based in Zhengzhou, China. Because we are factory, so we can guarantee the machine quality and we can give you very competitive factory price without extra agent cost.

Q2. To which country your products have been exported before?

In Africa, We have exported to Sudan, Kenya, Zambia, Ethiopia, Zimbabwe, Guinea, Nigeria and so on. We also exported South Africa, Chile, Peru, Ecuador, New Zealand, America, Austrilia more than 160 countries. Our equipment and service have won very high reputation in these countries.

Q3. How will you help the customer install the equipment?

We will send our senior engineer to your place to guide the installation and commissioning.

Q4. How about the wear parts supply?

We offer wear parts to our customer with our most favorable price. If there are problems you could not handle, we will send our technicians to your place.

Q5.What about the payment method?

T/T, Paypal, Western Union, L/C is available.

Q6.What about after-sale service?

12 months warranty for all kinds of products; and you will get our 7*24h online service.
