

3YK1860 4YK1860 Vibrating Sand Screening Equipment Washing Shaker Plant

Our Product Introduction

for more products please visit us on mining-crushermachine.com

Basic Information

- Place of Origin: China
- Brand Name: ASCEND
- Certification: CE/ISSO9001
- Model Number: 2YK1237 2YK1548 3YK2460
- Minimum Order Quantity: 1 set
- Price: 4000-12900 USD Per Set
- Packaging Details: Water and rust proof in wooden box or cotainer
- Delivery Time: 7-10 working days
- Payment Terms: T/T, Western Union, L/C
- Supply Ability: 10 set per month

Product Specification

- Name: Vibrating Screener Machine
- Motor: AC Motor
- Application: Mining Ore, Slag, Quarry
- Color: Customized
- Warranty: One Year
- Dimension: 5570mmx3086mmx3296mm
- Layer: 1-5 Layers(as Customized)
- Function: Screening/Separation/Sorting/Sieving
- Highlight: 4YK1860 Sand Screening Equipment,
Vibrating Sand Screening Shaker Equipment,
Vibrating Sand Screening Equipment 3YK1860

Product Description

3YK1860 4YK1860 Sand Screening Equipment Vibrating Washing Screens Shaker Plant

Product Description

Vibrating sieves are used to separate materials into various sizes for further processing or for end use. The material is separated by passing through a vibrating "screen or meshes" which has a number of different sizes according to the customer's requirements. The end products can then be used in the building and construction industries. It features an advanced structure, powerful vibrating forces, low vibration noise, easy maintenance, high durability and etc.

The vibrating screen with circular motion is specially designed for quarry to separate crushed stone material into different sizes and is also used as a grading machine in coal dressing, ore dressing, construction material, electric and chemical industries.

ASCEND

Working Principle

Vibrating screen uses electric exciter as vibrating source, the material will be thrown around the screen, at the same time doing forward sports, in order to achieve the screening purpose. Material from the feeder evenly enters into the machine's feeding inlet, with multilayer sieves to produce various of products and unqualified products on the screen or under the screen, then discharging from the outlet respectively. It can be used in the automatic production line.

Main Technical Parameters

Model	Screen layer	Screen area (m ²)	Mesh size (mm)	Feeding size (mm)	Capacity (m ³ /h)	Vibrating frequency (r/min)	Double amplitude (mm)	Power (kw)	Dimension (L×W×H)	Weight (without motor) (t)	Screen slope (°)	Screen specification (mm)
YK1237	1	4.4	2-50	200	25-160	970	8	11	3857×2386×2419	4.8	15-20	1200×3700

Company Profile

Henan Ascend Machinery & Equipment Co., Ltd. was established in 2005 and it is located in the high-tech zone of Zhengzhou City, Henan Province. As a technology driven mining equipment company, it is committed to the R&D, production, sales and after-sales service of mining machinery and equipment.

The company's main products are crushers, grinding mill equipment, mineral beneficiation equipment, rotary dryer and crusher & grinding mill spare parts. In addition to the Chinese domestic market, Ascend machinery expands its business in more than 160 countries and regions.

Our Workshop

FAQ

Q1. Are you factory or trading company?

We are factory specialized in manufacturing stone crushers, grinding mills, beneficiation equipments and other mining equipments. Our office and factories are based in Zhengzhou, China. Because we are factory, so we can guarantee the machine quality and we can give you very competitive factory price without extra agent cost.

Q2. To which country your products have been exported before?

In Africa, We have exported to Sudan, Kenya, Zambia, Ethiopia, Zimbabwe, Guinea, Nigeria and so on. We also exported South Africa, Chile, Peru, Ecuador, New Zealand, America, Austrilia more than 160 countries. Our equipment and service have won very high reputation in these countries.

Q3. How will you help the customer install the equipment?

We will send our senior engineer to your place to guide the installation and commissioning.

Q4. How about the wear parts supply?

We offer wear parts to our customer with our most favorable price. If there are problems you could not handle, we will send our technicians to your place.

Q5.What about the payment method?

T/T, Paypal, Western Union, L/C is available.

Q6.What about after-sale service?

12 months warranty for all kinds of products; and you will get our 7*24h online service.
