

Iron Ore granite Jaw Crusher for mining highway building materials crushing

Our Product Introduction

for more products please visit us on mining-crushermachine.com

Basic Information

- Place of Origin: China
- Brand Name: Ascend
- Certification: ISO9001
- Model Number: PE250x400 PE400x600 PE500x750
- Minimum Order Quantity: 1 set
- Packaging Details: Wooden box or put in container
- Delivery Time: 10-20 working days
- Payment Terms: T/T, Western Union, MoneyGram, L/C
- Supply Ability: 20 Set per month

Product Specification

- Name: Rock Jaw Crusher
- Motor: 15KW
- Weight: 2.3t
- Function: Crushing Stone
- Feature: Easy Operation
- Jaw Plate Material: Mn13Cr2
- Highlight: Highway Building Materials Jaw Crusher, Iron Ore Jaw Crusher, Mining Jaw Crusher

Product Description

Quarrying And Mining Jaw Stone Crusher Machine Easy Operation

Ascend's jaw crusher is a carefully crafted core product designed for crushing all kinds of ores and rocks. It adopts advanced concepts and exquisite craftsmanship, with a solid structure and excellent performance. It can handle materials of various hardness and particle sizes, and crushes materials by extrusion and bending through the reciprocating motion of the jaw plate, with efficient and stable crushing.

Advantages of Ascend Jaw Crusher

- 1) High crushing ratio. Large stones can be quickly broken into small pieces.
- 2) Simple structure, easy maintenance
- 3) High capacity. It can handle 10 to 150 tons of raw material per hour.
- 4) Low energy consumption and low production cost.
- 5) Simple structure, reliable operation, low operating costs.

Jaw crusher spare parts

Jaw crusher overview

This crusher has many advantages. It has a large crushing ratio, one-time crushing in place, and improved production efficiency; strong stability and reliability, long-term high-intensity operation without worry; low energy consumption, saving operating costs; simple operation and convenient maintenance.

Jaw crusher specifications

About us

Henan Ascend Machinery & Equipment Co., Ltd. was established in 2005 and it is located in the high-tech zone of Zhengzhou City, Henan Province. As a technology driven mining equipment company, it is committed to the R&D, production, sales and after-sales service of mining machinery and equipment.

The company's main products are crushers, grinding mill equipment, mineral beneficiation equipment, rotary dryer and crusher & grinding mill spare parts. In addition to the Chinese domestic market, Ascend machinery expands its business in more than 160 countries and regions.

Focused on product quality and after-sales service, Ascend has won widespread praise and trust of international customers. We have a professional engineer team responsible for the pre-sales technical consultation, technical solutions in the process of sales, installation, commissioning and after-sales service to ensure that customers can purchase and use equipment with peace of mind.
