

10-200tph Jaw Stone Crusher Machine With Can Crush Materials Not Exceeding 320 MPa

Our Product Introduction

more products please visit us on mining-crushermachine.com

Basic Information

- Place of Origin: China
- Brand Name: Ascend
- Certification: ISO9001
- Model Number: PE250x400 PE400x600 PE500x750
- Minimum Order Quantity: 1 set
- Price: USD2000-9000
- Packaging Details: Wooden box or put in container
- Delivery Time: 10-20 working days
- Payment Terms: T/T, Western Union, MoneyGram, L/C
- Supply Ability: 20 Set per month

Product Specification

- Characteristic 2: Uniform Product Particle Size
- Marketing Type: Hot Product 2024
- Characteristic 10: Durable And Reliable
- Other Name: Ore Stone Crusher Machine
- Characteristic 9: High Capacity
- Characteristic 5: Easy Maintenance
- Product Name: Primary Jaw Crusher PE500x750
PE600x900 80 100tph For Gypsum Quartz
Limestone Used In Kenya Congo
- Characteristic 16: Final Products Are Aggregates After Jaw
Crusher Crushing
- Highlight: **200tph Jaw Stone Crusher Machine,
320 MPa Jaw Stone Crusher Machine**

Product Description

Product Description:

As a Hot Product 2024, the Jaw Stone Crusher Machine is designed to meet the needs of customers who require reliable and efficient performance. Whether you are looking to crush hard rock or soft materials, this Heavy Duty Stone Crusher is up to the task. In addition to its impressive capacity and reliability, the Jaw Stone Crusher Machine is also backed by 7*24hours of online service time. This ensures that customers can get the support they need, whenever they need it. Overall, the Jaw Stone Crusher Machine is a top-of-the-line industrial crushing equipment that is perfect for crushing a wide range of materials. Its reliability, capacity, and versatility make it a valuable addition to any crushing operation, and its 7*24hours of online service time ensure that customers can always get the support they need.

Features:

Product Name: Jaw Stone Crusher Machine
Other Name: Ore Stone Crusher Machine
Characteristic 8: Preferred equipment for primary crushing
Characteristic 6: Economical operation cost
Characteristic 11: Wide application
Characteristic 13: Most jaw plates made of high manganese steel
Keyword 1: Aggregate Jaw Crusher
Keyword 2: Stone Jaw Rock Crusher
Keyword 3: Heavy Duty Stone Crusher

Technical Parameters:

Mining Jaw Crusher	Primary Jaw Crusher Machine
Online Service Time	7*24hours
Characteristic 4	Reliable operation
After Sale Service	7*24hours
Characteristic 11	Wide application
Characteristic 3	Simple structure
Characteristic 14	Reduces failure rate
Characteristic 6	Economical operation cost
Characteristic 10	Durable and reliable
Characteristic 12	Can be used to crush various ores and rock materials
Characteristic 9	High capacity
Stone Jaw Rock Crusher	

Applications:

The Ascend Jaw Stone Crusher Machine is a powerful machine that is perfect for crushing granite, quartz, and limestone. It is a primary jaw crusher machine that is designed to operate at high capacity and is perfect for use in various mining and construction applications. The machine comes in different models, including the PE250x400, PE400x600, and PE500x750 models, all of which are certified with ISO9001 and manufactured in China. This Granite Crusher Machine is perfect for use in various scenarios, including mining, metallurgy, construction, highway, railroad, and water conservancy projects. It is perfect for crushing different types of stone materials, including granite, quartz, limestone, and more. The machine is designed to operate at high capacity and can handle up to 200tph, making it ideal for large-scale projects. The Primary Jaw Crusher Machine is designed for use in various applications, including crushing of large rocks, stones, and ores. It is perfect for use in quarries, mining, and construction sites. The machine is designed to be durable and reliable, ensuring that it can handle even the toughest materials. It comes with most jaw plates made of high manganese steel, which ensures long-lasting performance. The Stone Jaw Rock Crusher is perfect for use in various occasions, including crushing for construction materials and mining. It is designed to be easy to operate, with a simple design that makes it easy to maintain. The machine is also designed to be energy-efficient, ensuring that it can operate for long periods without consuming too much energy. The Jaw Stone Crusher Machine is available for purchase with a minimum order quantity of 1 set. The price of the machine ranges from USD2000-9000, and it is available with different payment terms, including T/T, Western Union, MoneyGram, and L/C. The machine is also available with different packaging options, including wooden boxes or containers. It is capable of supplying 20 sets per month and has a delivery time of 10-20 working days. The online service time is available 7*24hours.

The Ascend Jaw Stone Crusher Machine is perfect for use in various scenarios, including crushing of granite, quartz, and limestone. It is a powerful machine that is designed to operate at high capacity, making it perfect for use in large-scale construction and mining projects. With its high capacity, durability, and reliability, the machine is perfect for use in different industries and occasions.

Product Name: Primary jaw crusher PE500x750 PE600x900 80 100tph for gypsum quartz limestone used in Kenya Congo

Characteristic 13: Most jaw plates made of high manganese steel

Characteristic 9: High capacity

Support and Services:

We also provide regular maintenance services to ensure that the machine is operating at its optimal level. Our services include inspection, cleaning, and replacement of worn-out parts. In addition, we offer repair and troubleshooting services in case of breakdowns or malfunctions.

We are committed to providing the best quality support and services to our customers to ensure the long life and maximum performance of our Jaw Stone Crusher Machine.

Packing and Shipping:

Product Packaging:

The jaw stone crusher machine product will be packaged securely in a wooden crate to ensure safe transport. The crate will be labeled with the product name and specifications for easy identification.

Shipping:

Shipping of the jaw stone crusher machine product will be done via a reputable logistics company. The shipping cost will be calculated based on the final destination and the weight and size of the crate. The estimated delivery time will be communicated to the customer once the product is ready to be shipped.

FAQ:

Q: What is the brand name of this stone crusher machine?

A: The brand name of this stone crusher machine is Ascend.

Q: What are the available models of this stone crusher machine?

A: The available models of this stone crusher machine are PE250x400, PE400x600, and PE500x750.

Q: Is this stone crusher machine certified?

A: Yes, this stone crusher machine is certified with ISO9001.

Q: Where is this stone crusher machine made?

A: This stone crusher machine is made in China.

Q: What is the minimum order quantity for this stone crusher machine?

A: The minimum order quantity for this stone crusher machine is 1 set.

Q: What is the price range for this stone crusher machine?

A: The price range for this stone crusher machine is USD2000-9000.

Q: What are the available payment terms for this stone crusher machine?

A: The available payment terms for this stone crusher machine are T/T, Western Union, MoneyGram, and L/C.

Q: What is the supply ability of this stone crusher machine?

A: The supply ability of this stone crusher machine is 20 sets per month.

Q: What is the delivery time for this stone crusher machine?

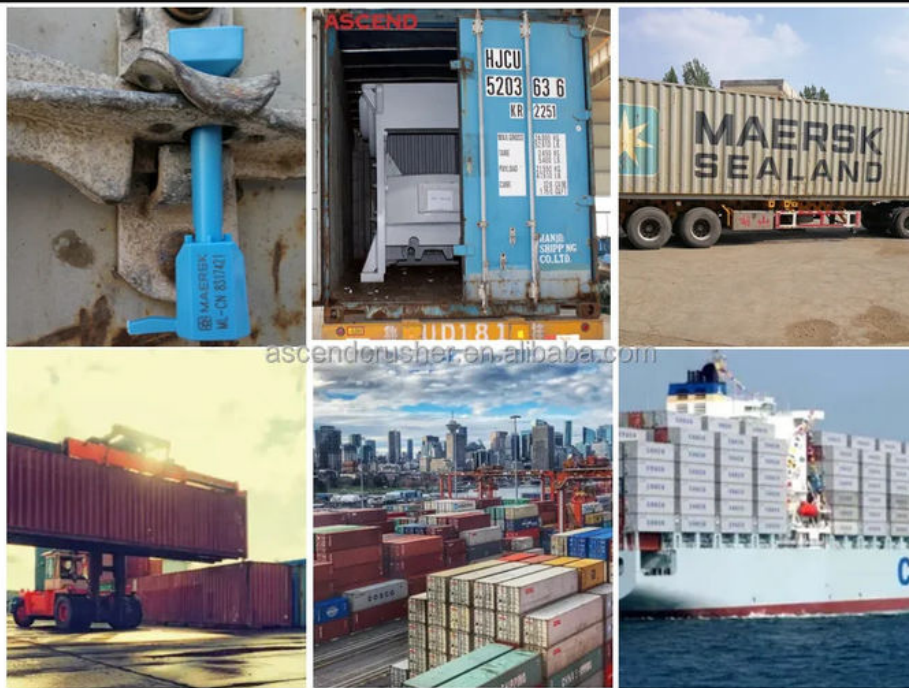

A: The delivery time for this stone crusher machine is 10-20 working days.

Q: How is this stone crusher machine packaged?

A: This stone crusher machine is packaged either in a wooden box or put in a container.

Model	Feed opening size(mm)	Max feeding size(mm)	Discharge range(mm)	Capacity(t/h)	Power (kw)	Weight (t)
PE150x250	150x250	125	10-40	1-3	5.5	0.7
