

Stone Crashing Machine Hammer Mill Crusher with Grinding under Dry and Wet Conditions

Our Product Introduction

more products please visit us on mining-crushermachine.com

Basic Information

- Place of Origin: Zhengzhou, China
- Brand Name: Ascend
- Certification: ISO9001, CE
- Model Number: PC400x300 PC600x400 PC800x600 PC1000x800
- Minimum Order Quantity: 1 set
- Price: negotiable
- Packaging Details: 1. Standard parts packed in the wooden cases. 2. Big parts packed by plastic membrane. 3. The whole machine is loaded in the container.
- Delivery Time: 7-10 working days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 100 sets per month

Product Specification

- Working Principle: The Motor Drives The Rotor To Rotate At A High Speed Through The Belt, And On The Rotor There Are Series Of Hammers. When The Material Get Into The Working Area Of Hammers, The Rotating Hammers With High Rotation Speed Are Crushing The Material, The Crushe
- Contact Information: Available
- Product Category: Hammer Mill Crusher
- Product Use: Suitable For Crushing Medium-hard Materials
- Core Selling Point: Easy To Operate
- Machines Classification: Stone Crashing Machine
- Grinding Conditions: Can Grind Under Dry And Wet Conditions
- Material: Limestone. Coke. Coal. Etc.

Product Description

Product Description:

Whether you're working on a small-scale mining operation or a large construction project, this hammer mill crusher is the perfect solution for your needs. With its compact size and easy-to-operate design, it is ideal for use in a variety of settings. Whether you need to crush limestone, gravel, coal, or other materials, this hammer grinder pulverizer is up to the task.

One of the core selling points of our PC400x300 small capacity 3-8tph output size 0-1mm gravel limestone coal hammer crusher is its ease of operation. With its simple controls and user-friendly design, this hammer mill crusher is easy to operate for even the most inexperienced users. You can quickly and easily adjust the output size to suit your needs, making it a versatile tool for any job.

So why wait? Contact us today to learn more about our PC400x300 small capacity 3-8tph output size 0-1mm gravel limestone coal hammer crusher for Kenya Zimbabwe Dr Congo market. Our team of experts is standing by to answer any questions you may have and help you find the perfect hammer grinder pulverizer for your needs.

Features:

Product Name: PC400x300 small capacity 3-8tph output size 0-1mm gravel limestone coal hammer crusher for Kenya Zimbabwe Dr Congo market

Output Size: 0-1mm

Target Market: Kenya, Zimbabwe, Dr Congo

Applicable Industry: Energy&Mining

Adjustability: Can adjust the grate strip gap according to user requirements and change the material particle size

Features:

Crushing Mill Pulverizer Machine

Pulverizing Hammer Mill

Pulverizing Hammer Mill

Small capacity of 3-8tph

Efficiently crushes gravel, limestone, and coal

Technical Parameters:

Spare Parts Availability	Available
Core Selling Point	Easy To Operate
Final Products	Gravel, limestone, coal
Advantages	Simple structure, high grinding rate, high production efficiency
Grinding Conditions	Can grind under dry and wet conditions
Product Category	Hammer Mill Crusher
Target Market	Kenya, Zimbabwe, Dr Congo
Warranty Period	1 Year
Product Name	PC400x300 small capacity 3-8tph output size 0-1mm gravel limestone coal hammer crusher for Kenya Zimbabwe Dr Congo market
Output Capacity	3-8tph

Keywords: Crusher Pulverizing Mill, Hammer Crushing Pulverizing Mill, Pulverizing Machine Mill Crusher

Applications:

With a supply ability of 100 sets per month and a delivery time of 7-10 working days, the Ascend Hammer Mill Crusher is perfect for a variety of product application occasions and scenarios. It is ideal for stone crashing and can be used in many different industries, including mining, construction, and chemical engineering.

The machine's simple structure and high grinding rate make it highly efficient. The motor drives the rotor to rotate at a high speed through the belt, and on the rotor, there are series of hammers that crush the material. The crushed product that meets the required size can be discharged by the outlet and become the final product, while the large size product is brought back to the crushing area by the hammers for re-crushing until it reaches the required size.

The Ascend Hammer Mill Crusher is easy to operate and comes with a 1-year warranty period. It is classified as a stone crashing machine and is a core selling point due to its high production efficiency. The machine is packaged with 1. Standard parts packed in the wooden cases. 2. Big parts packed by plastic membrane. 3. The whole machine is loaded in the container, ensuring safe and secure transport.

Overall, the Ascend Hammer Mill Crusher is a powerful and reliable machine that is perfect for pulverizing materials into smaller particles. Its high grinding rate, high production efficiency, and ease of use make it ideal for a variety of product application occasions and

scenarios. Whether you're in the mining, construction, or chemical engineering industry, the Ascend Hammer Grinder Pulverizer is a must-have machine for your business.

Support and Services:

Packing and Shipping:

Product Packaging:

The Hammer Mill Crusher product will be packaged in a sturdy cardboard box.

The product will be securely wrapped in bubble wrap to prevent any damage during shipping.

The box will be labeled with the product name and a description of its contents.

Shipping:

The product will be shipped via standard ground shipping.

Shipping times may vary depending on the destination, but typically take between 3-7 business days.

Customers will receive a tracking number via email once their order has been shipped.

FAQ:

Q: What is the brand name of the Hammer Mill Crusher?

A: The brand name of the Hammer Mill Crusher is Ascend.

Q: What are the available models of the Hammer Mill Crusher?

A: The available models of the Hammer Mill Crusher are PC400x300, PC600x400, PC800x600, and PC1000x800.

Q: Is the Hammer Mill Crusher certified?

A: Yes, the Hammer Mill Crusher is certified with ISO9001 and CE.

Q: Where is the Hammer Mill Crusher manufactured?

A: The Hammer Mill Crusher is manufactured in Zhengzhou, China.

Q: What is the minimum order quantity for the Hammer Mill Crusher?

A: The minimum order quantity for the Hammer Mill Crusher is 1 set.

Q: Is the price negotiable for the Hammer Mill Crusher?

A: Yes, the price for Hammer Mill Crusher is negotiable.

Q: What are the payment terms for the Hammer Mill Crusher?

A: The payment terms for the Hammer Mill Crusher are L/C, T/T, Western Union, and MoneyGram.

Q: What is the supply ability of the Hammer Mill Crusher?

A: The supply ability of the Hammer Mill Crusher is 100 sets per month.

Q: What is the delivery time for the Hammer Mill Crusher?

A: The delivery time for the Hammer Mill Crusher is 7-10 working days.

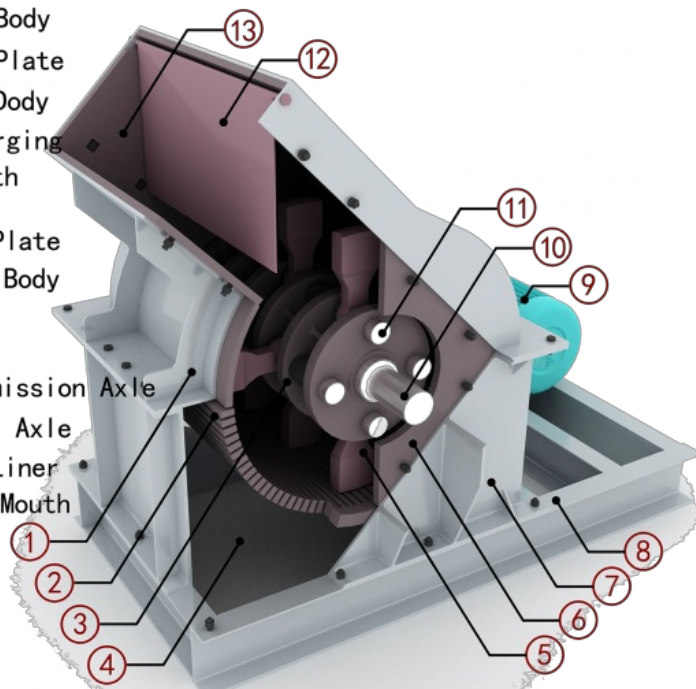

Q: How is the Hammer Mill Crusher packaged?

A: The Hammer Mill Crusher is packaged with standard parts packed in the wooden cases, big parts packed by plastic membrane, and the whole machine is loaded in the container.
