

LX80 1 2 Tons Per Hour Capacity Gold Centrifugal Concentrator Kacha Recover Gold From Concentrate From Tailings

Our Product Introduction

for more products please visit us on mining-crushermachine.com

Basic Information

- Place of Origin: CHINA
- Brand Name: ASCEND
- Certification: ISO9001
- Model Number: LX80
- Minimum Order Quantity: 1 set
- Price: USD 650-850 SET
- Packaging Details: Water and rust proof in wooden box or container
- Delivery Time: 7-10 work days
- Payment Terms: T/T, Western Union
- Supply Ability: 20 set per month

Product Specification

- Product Name: Gold Centrifugal Concentrator
- Application: Gold Mining
- Production Capacity: 98%
- Advantage: High Efficiency Low Energy
- Warranty Period: 1 Year
- Highlight: **LX80 gold centrifugal concentrator, kacha gold centrifugal concentrator**

Product Description

ASCEND Gold Centrifugal Concentrator Kacha recover gold from concentrate from tailings

Ascend simplified gold centrifugal concentrator Gold Kacha is a type of simplified gold concentrator to collect the big particle free gold in placer gold or grinded vein gold. It is an ideal equipment to replace the expensive knelson gold concentrator. It has advantages of high efficiency and low energy, It can work perfectly with gold wet pan mill machine in gold mining. It's structure is simple, and it is easy to handle. At the same time, it's factory price is low and the production cost is also low.

Working Principle

When the centrifuge starts working, the material is fed as a slurry of minerals and water into a rotating bowl that contains special fluidizing tanks or troughs for capturing heavy materials. Fluidization water/backwash water/backwash water is introduced through multiple fluidization holes on the inner cone to retain heavy minerals in the bed. Fluidization water/backwash water/backwash water plays an important role in the separation process.

1. 观察口 Access Door
2. 给矿管 Feeding Pipe
3. 甩水盘 Drain Pan
4. 衬板护板 Liner
5. 机器外壳 Shell
6. 尾矿排料口 Tailings Discharging Mouth
7. 支架 Supporting Leg
8. 支架 Rack
9. 轴承座 Bearing Seat
10. 传动轴 Main Shaft
11. 橡胶座 Rubber Seat
12. 弹簧 Spring
13. 电机 Motor
14. 皮带 Belt

Specification

Product name	Model	Power (kw)	Capacity (t/h)	Max feeding size (mm)	Water required (m³/h)	Max Slurry density	Concentrate weight per batch/KG	Run time per batch/Hour
Gold centrifugal concentrator Kacha	LX80	1.1	1-1.2	2	2-3	30%	8-10	1
